

Kelechi Okeke

Frontend Developer | Reactjs

Abuja, Nigeria | +2347082896308 | okekekelechi96@gmail.com | [LinkedIn](#) | [Github](#)

Senior Frontend Engineer with 5+ years of experience building scalable, high-performance web applications using React, Next.js, and TypeScript. Proven track record of shipping production systems used by global users, collaborating in remote, fast-moving teams, and translating complex business requirements into clean, intuitive interfaces. Strong interest in fintech, payments, and crypto-enabled products, with hands-on experience building dashboards, editors, data-heavy UIs, and API-driven platforms.

CORE SKILLS

React.js | Next.js | TypeScript | JavaScript | HTML/CSS | TailwindCSS | Node.js | Express
Git | Firebase | MongoDB | UI/UX Animations | Component Architecture | Performance Optimization|
Debugging | Code Reviews | Agile | Git, GitHub | CI/CD

PROFESSIONAL EXPERIENCE

Frontend Engineer — IQ.Wiki

Remote | March 2024 – Present

- Led the frontend redesign and development of **Sophia**, an AI-powered editor used for large-scale content publishing, increasing weekly wiki output by **300%+**.
- Built complex, data-driven interfaces with React and Next.js, focusing on performance, state management, and usability.
- Implemented reusable UI components and editor workflows that improved speed, consistency, and maintainability.

Senior Frontend Developer

Remote | May 2025 – Present

- Architected scalable frontend systems for a social media ads management platform using React.
- Designed scalable, modular React components enabling faster feature rollout and efficient ad creation workflows.
- Led code reviews and mentored developers, improving efficiency and raising code quality.

Lead Frontend Developer — Appnovia

Hybrid | March 2022 – March 2024

- Engineered an ERP system that improved operational tracking, resulting in an **80% productivity increase**.
- Built an EMR platform that streamlined healthcare record-keeping for clinics.
- Developed an instant messaging app that hit **1,000+ active users** within 6 months, facilitating ~100,000 daily messages.

EDUCATION

B.Eng Electrical Engineering — Landmark University, Kwara, Nigeria (2020)
